

## ERP Boot Camp

ERP Boot Camp is virtual and has two paths - one for new customers and one for live customers. Graduating from these camps will train you in ERP concepts and system fundamentals.

### ERP BOOT CAMP - NEW CUSTOMERS

- This camp is free.
- This camp is for new customers who are in the process of implementing our ERP software.
- This camp will provide an overview of the implementation process along with the quote-to-cash process in your ERP software. You will learn the keys to successful implementation and how materials and costs flow from operations modules to finance.
- To register, talk to your Global Shop Solutions ERP Implementation Project Manager.

### ERP BOOT CAMP - LIVE CUSTOMERS

- This camp is free.
- This camp is for existing customers who are currently live - those who might need a refresher or are new hires.
- This camp will cover processes and modules from quote-to-cash and everything in between while introducing you to some more advanced ERP techniques and screens.
- To register, go to <https://www.globalshopsolutions.com/erp-software-training?filter=erp-boot-camp-live> and click the dates that best fit your schedule.
